

BOT SALONFLOW

Salon & Spa Management
Made It Simple

About the App

BOT SalonFlow is a next-gen salon and spa management platform that automates and simplifies everyday operations for beauty businesses. Whether it's managing appointments, assigning staff, tracking services, handling billing, managing inventory, or monitoring expenses—BOT SalonFlow makes everything **simple, seamless, secure, and scalable**.

Appointment Booking & Client Management

Book appointments in seconds

Assign dedicated stylists or therapists based on client needs

Maintain complete client profiles

Track services completed, and preferences

Build consistent and personalized customer experiences

Manage client records with ease

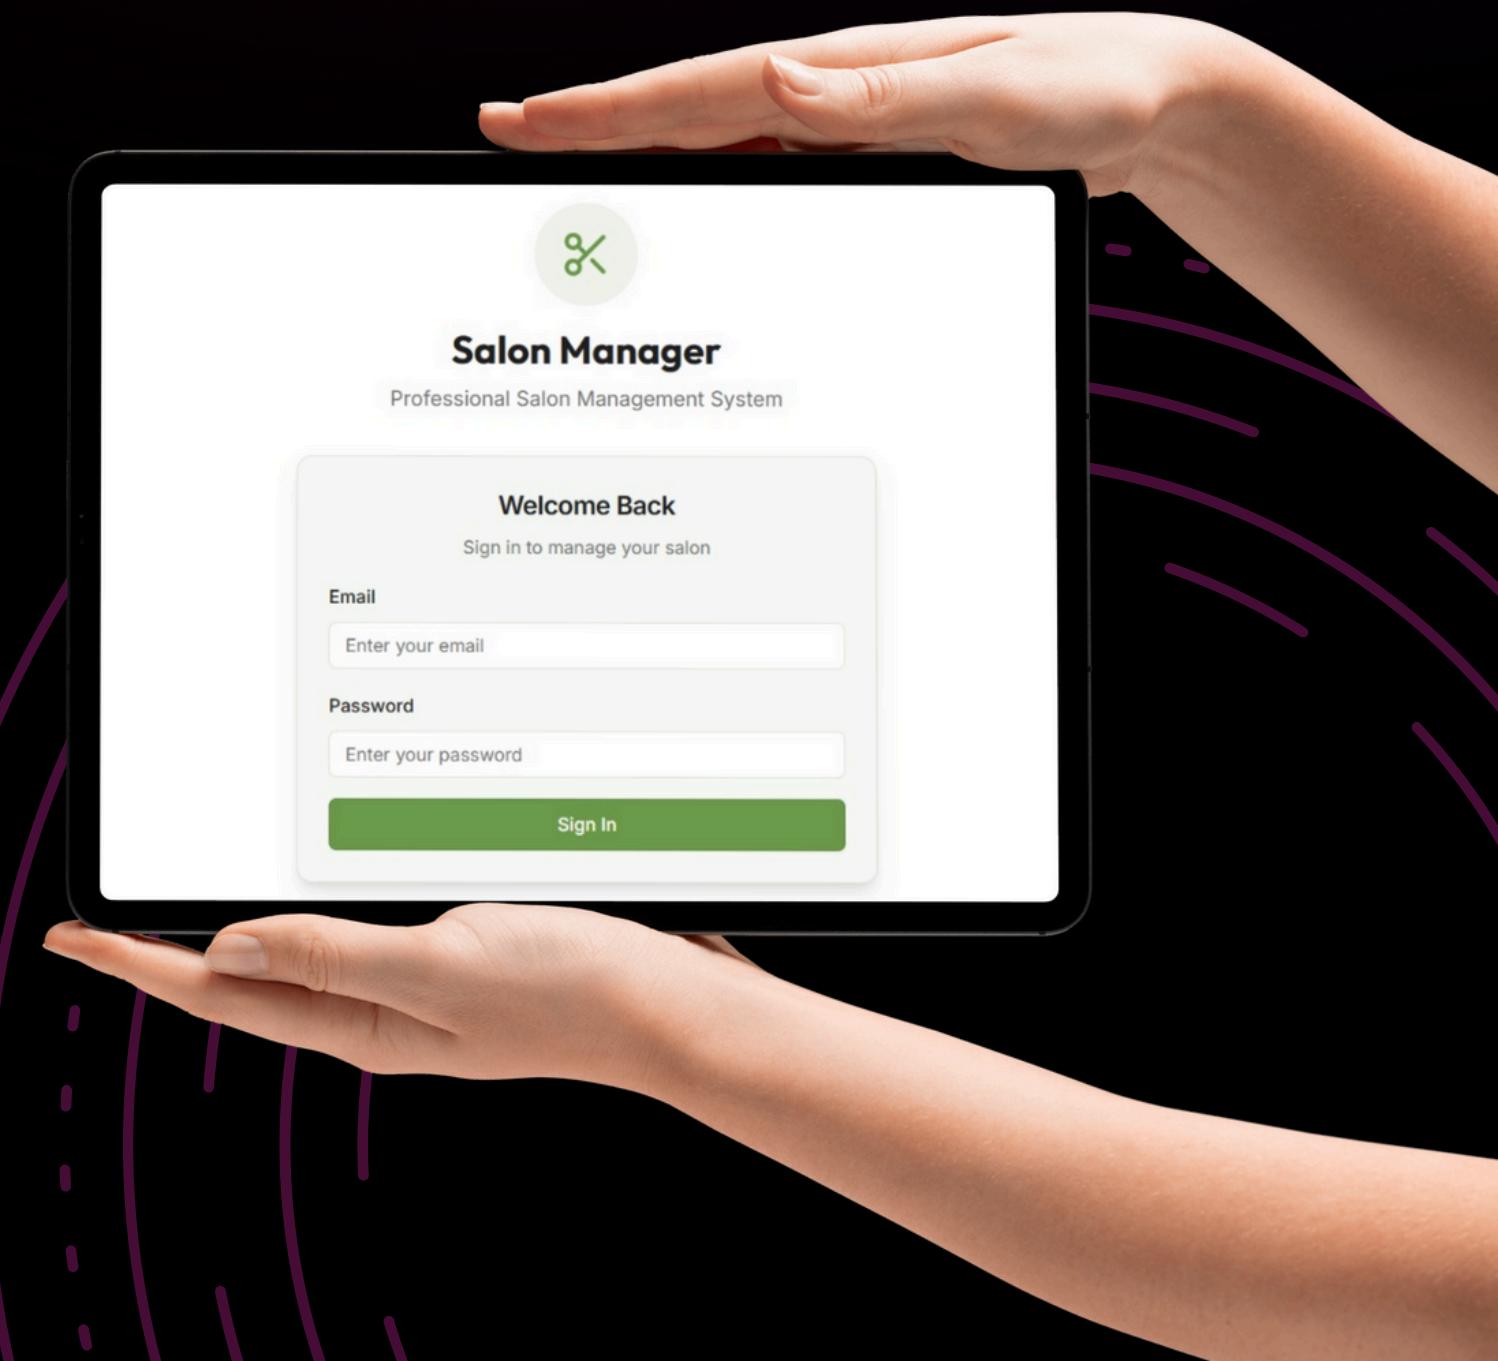

Services & Staff Management

Service Setup & Organization

- Create custom services across categories
- Update or expand service lists anytime
- Add pricing, timing, and descriptions
- Organize services: Hair, Nails, Skin, Spa, Makeup, Grooming

Staff Management

- Onboard and manage stylists, therapists, and support staff
- Track workload, service assignments, and availability
- Monitor daily working hours
- Generate individual staff performance reports
- Measure revenue contribution & services completed

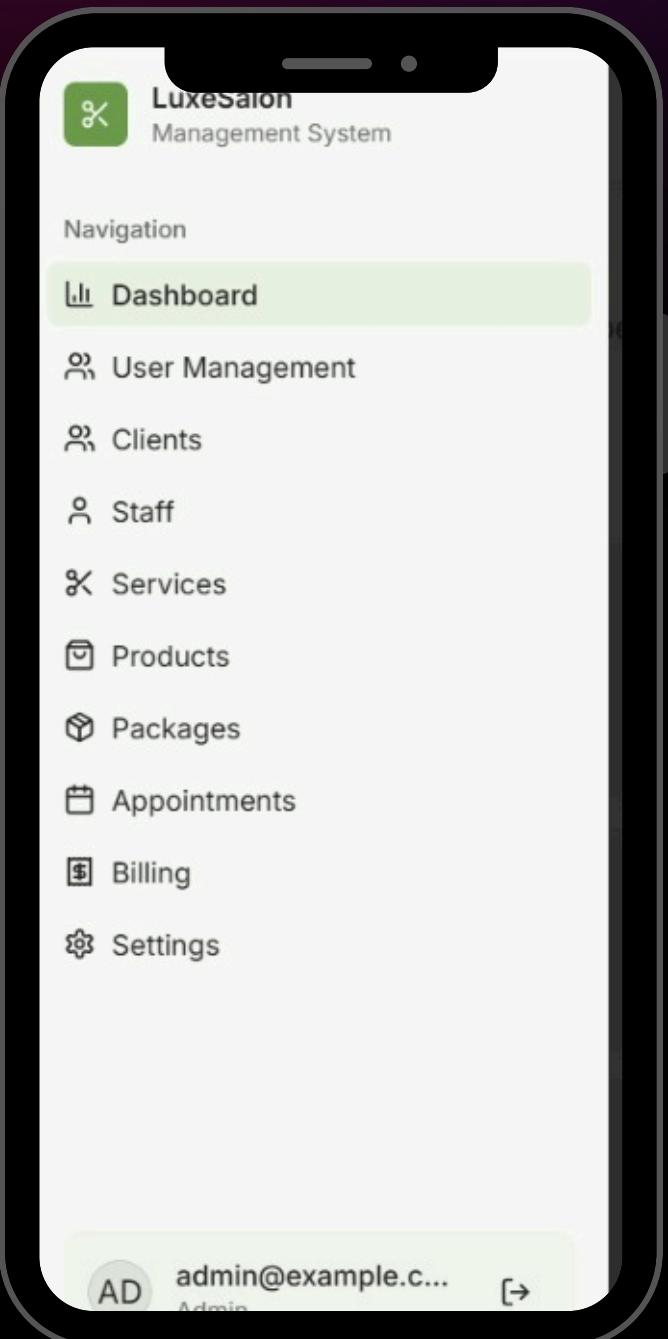

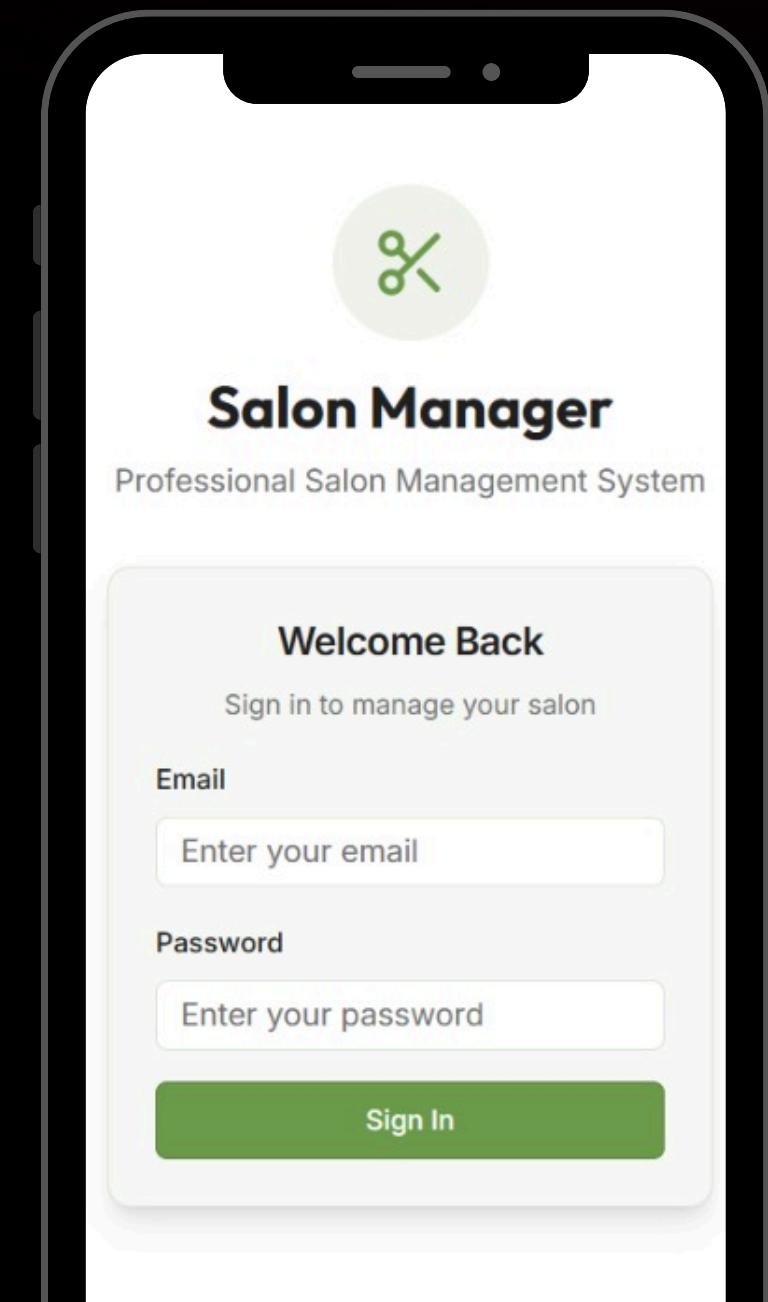

Billing & Payment Workflow

Flexible Billing System

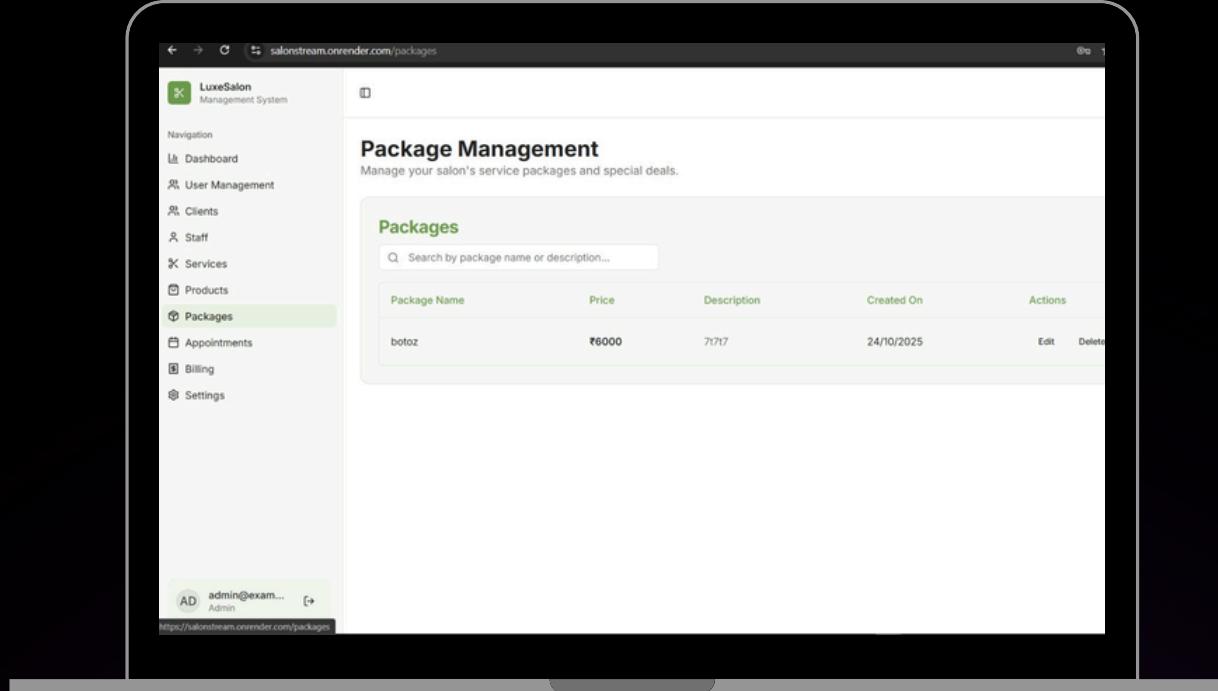

- ✓ Start bills in Open Mode and add services progressively
- ✓ Ideal for group visits, multiple services, or family sessions
- ✓ Mark bill as Completed when all services are done
- ✓ Convert bill to Paid Mode instantly

Professional Billing System

- ✓ Fully itemized service billing
- ✓ Apply discounts and tax rates
- ✓ Payment Mode Cash / Card / UPI / Wallet
- ✓ Auto-generate digital receipts
- ✓ Track paid, pending, and overdue amounts

Product Inventory & Packages

Inventory Management

- ↗ Add beauty products and consumables
- ↗ Track cost price, selling price, and stock levels
- ↗ Manage retail products and in-salon usage separately
- ↗ Get instant visibility on stock movement

Package Management

- ↗ Create custom packages combining multiple services
- ↗ Add descriptions and pricing
- ↗ Introduce seasonal, festive, or membership packages
- ↗ Increase revenue with attractive bundled services

Daily Expenses

Log daily expenses with date, notes, and amount

View monthly or period-based expense totals

Track number of expenses logged

Generate detailed expense summaries

Gain clarity on true profitability

Reports & Analytics

Sales Reports

- ↗ Total collected vs pending
- ↗ Service-wise or staff-wise breakdown
- ↗ Daily, weekly, and monthly sales trends
- ↗ Export to PDF
